**4) Old Business:**

**Web Site Info.**

Discussed new web site functions and accessibility for residents and asked suggestions from everyone present. Steve Spencer and Mike Insley suggested additional information added to the Web site pin pointing exact addresses and where our traps were actually set. In addition specific fogging and larvacide time lines, at least 7 days out shown on the Web site. Also they would like more daily information posted along with weekly reports to each city. Kelly suggested to submit specific information to all persons present by e-mail weekly, and not all information to the general public. Everyone agreed.

**5) New Business**

- a) Kelly spoke to everyone regarding new employee hiring. Applications are being excepted and screened.

**6) Discussion**

- a) Discussed reported cases of Dengue in Seminole County, all cases originated outside of the county. Also discussed EEE carrier mosquito types, CO2 light traps, New Jersey light traps, and Gravid traps.
- b) Karl Henry from the health department stated that at least 3 cases of Dengue have to be reported before a health alert will be put into effect. And all cases would have to be confirmed to have originated from Seminole County.
- c) EEE- No current cases lately reported. Inspections continue on sentinel chickens.

**The meeting was adjourned at 10:30. Next regular meeting : September 9<sup>th</sup>, 2010 at 10:00 AM**
